DEWAN: മിസ്റ്റർ ഗോവിന്ദപ്പിള്ളേ, നിങ്ങൾ തെറ്റി മനസ്സിലാക്കിപറയരുതു്. "നിങ്ങളുടെ വീട്ടിലേക്കാവശ്യമുള്ളവ" എന്നു ഞാൻ പറഞ്ഞില്ല. ഒരു പ്രദേശത്തെ ഉദ്ദേശിച്ചാണു് പറഞ്ഞതു്.

[Departmental action is in progress in respect of several of the matters mentioned by you. Such action will be pursued. The others will be referred to the Chief Engineer and the Road Board. The Road Boards are intended to secure an equitable distribution of the allotment for communications and to prevent undue preference being given to particular localities.]

89. Needs of Neyyattinkara.

MR. A. P. NAIR (*Municipal Council, Neyyattinkara*) who made his representation in Malayalam, first spoke about the immediate requirements of the Neyyattinkara hospital. Much difficulty was experienced for want of proper lying-in wards. Hence a maternity ward should be opened in the hospital. A pay-ward and an operation theatre should also be provided. There was considerable inconvenience caused by the absence of a sufficient number of kitchens. Additional kitchens should be constructed. The premises of the hospital should be extended. The site lying between the Cutcherry and the hospital, in front of the English School, should be acquired. Lights should also be provided in and around the hospital premises.

The absence of an English school for girls was keenly felt. Hence an English school for girls should be opened at the place at an early date.

The English High School premises should be extended, so as to provide a playground for the use of the students.

The Vernacular School for girls should be transferred to a site accessible to all classes of people. This was a matter already sanctioned by the Government. It should be expedited.

The Cutcherry road should be metalled at an early date. This work though sanctioned by the Government had not been carried out yet.

There were no convenient bathing ghats in the river. The works connected with the bathing ghat attached to the temple were also suspended. A wide bathing ghat, accessible to all classes of people, should be constructed.

The limits of the Municipality should be extended 3 miles east and 3 miles west from the 12th mile stone M. C. road.

There were three arrack shops and one toddy shop within the municipal limits. These shops were the cause of all undesirable things happening in the town. Hence they should be removed from within the municipal limits.
